

Step 1: Design Project Website

Use template to prepare short responses: Website Template (attachment)

Respond to each of the following prompts in 1--2 paragraphs on your website. You may use the template to guide you. Use information from relevant resources, and include embedded hyperlinks or in-text APA citations to justify claims name about your content.

The purpose of this assignment is to develop the following items that will be at the core of your project:

- importance
- innovation
- feasibility

You will post content to a website. This website will be built as you complete each section of the signature assignment. DO NOT PAY for a website. There are plenty out there that are free. You will have to do a little bit of research to find one. Some examples are:
